### Thank You Hashem Tag

I was pulled over for speeding today. I right away thanked Hashem. The officer came over, and I thanked him for stopping me for my own safety. He asked me for my license and registration, and then waited 20 minutes for him to come back. He tells me, "I will not give you a ticket for speeding, but I will give you a ticket for the tag that's hanging on your rearview mirror"! He was pointing at the Thank You Hashem Tefillas Hederech. The fine is just \$65 and no points on my license! Thank You Hashem for saving me, even if I got a ticket!

### Pain Stones

I was taken to the hospital by ambulance, with severe kidney stone pain. The pain was ongoing even after 3 and 1/2 hours with pain medication. I said to myself that I will thank Hashem in public if I feel better soon. It did not take 15 minutes, the pain stopped completely,

### Thought of the Week

Zechariah Hanavi says in perek י"ד, **וְהָיָה ד' לְמַלְךְ עַל-כָּל-הָאָרֶץ בַּיּוֹם הַהוּא יְהִיָּה ד' אֶחָד וְשֵׁמוֹ אֶחָד** Rebbi Nachman HaKadosh in the לקוטי מהר"ן, explains the meaning, that Hashem is One. Although, Hashem is always One, now and then. However, until the coming of משיח it is said, **על בשורות טובות אומר הטוב והמטיב, ועל שמועות רעות אומר ברוך דיין האמת** Thank Hashem always. Even for something that looks bad ה"ו, you should know that it's actually straight from the One. Everything in life comes with utmost mercy from Hashem. Therefore, **בַּיּוֹם הַהוּא יְהִיָּה ד' אֶחָד** Because then everyone will see and understand the reasons behind it.

and I was released from the hospital 1/2 hour later! Thank You Hashem!

### Flat Tire

I was driving on the Grand Central Parkway this evening heading west, when suddenly the traffic came to a stop. At 7:30pm, I Thanked Hashem for the traffic and for the car accident up ahead that I am not involved in. I continued to drive slowly with the traffic. I passed small pieces of metal due to the car accident that had happened. I always worry when I drive past metal, about the worst-case scenario - metal getting stuck in my tire! The traffic then cleared up. At 7:51pm, a message popped up on my screen "Tire Pressure Low Add Air." I did not know what to do. I was running late for my class and decided to look up gas stations while I was stopped at the traffic light. There were gas stations nearby, so I thought, "I'll go get air after my class is finished", as I had found gas stations that were opened 24 hours. I arrive to the parking lot and there were 2 guys standing there speaking to another guy in his car. I looked up gas stations again and pondered should I go to the gas station? I decided I will go into the car parking lot. I went into the parking lot at 8:00pm, and parked next to the guys speaking, as that was the only available parking spot. Thank You Hashem for the fact that there was a parking spot! I was about to get out of the car when one of the guys said to me "You have a flat tire. Do you want me to call 911?". Then he offered to change the tire for me! He explained to me, that he usually leaves the parking lot at 7:30pm, but he stayed in the parking lot because Hashem sent him to help me. When he took off my tire, I saw that a piece of metal had indeed lodged itself in the tire! He told me to give Tzedakah so I will be listening to him and sponsoring the Tefillas Todah! Thank You Hashem for the nice guy that helped me! Thank You Hashem for everything!
